EASY TO INSTALL
AND USE

THE MOST USER FRIENDLY WALK-THROUGH METAL DETECTOR

The Classic is a Walk-Through Metal Detector designed and engineered to meet the specific security needs of public facilities such as schools, hotels, amusement parks and city halls.

The Classic Metal Detector combines the required Security with a high level of operating efficiency. The leading edge technology features a high flow rate of people through the gate with the minimum number of nuisance alarms, as personal effects such as coins, keys and belt buckles can pass through the magnetic field without causing an alarm.
